PRICE AND VICINITY

The county commissioners meet in regular session on the 31st of November.

The Price Order of Ows is to give a dance at City Hall next Friday evening, November 31st.

Weater Lumber company has in contemplation the establishment of a branch lumber yard and hardware business at Helper.

Dr. F. E. Murray, chief of the bureau of animal industry, is this week in Carbon county on a live stock inspection trip.

G. A. Iverson's two new store room buildings on North Eighth street, just off Main, will be completed in another two weeks.

County Treasurer Harmon reports taxes coming in fairly well everything considered. Taxes become delinquent November 15th.

McKune Forwarding company reports a heavy business towards the reservation country and large quantities of gilsonite coming this way.

Judge Albert H. Christensen and Senator Carl A. Badger addressed a large audience at Sunnyside last Monday on the political issues of the day.

At the rate work is progressing Emmet K. Olson's opera house and store room buildings will be ready for occupancy by the first of December.

Mr. and Mrs. Sam Lewis are entertaining a new baby at their home on North Ninth street that arrived last Monday. Mother and child are doing splendidly.

Barney Bry this week sold his sheep, about twenty-eight hundred head of stock, to Chris K. Jensen at \$3.50 a head. They are delivered on the range.

Mr. and Mrs. Joseph H. Sharp have taken a two years' lease on the D. C. McDonald residence on North Fifth street. The McDonalds are soon to move to Canada.

T. L. McCarty, formerly postmaster at Green River, is in a very bad way at his home in Salt Lake City, suffering from rheumatism and being threatened with pneumonia.

The junior and sophomore classes of the Carbon County High school will give a dancing party tomorrow (Friday) evening. It is an invitation affair with tickets at seventy-five cents.

Mr. and Mrs. Stanley Hallinger are sojourning at Los Angeles, Cal., so letters from that popular young married couple during the last few days inform their many friends at Price.

Bricklayers are up half way with the first story of the Weater Lumber company's new brick building at the corner of Main and Ninth streets. With good weather it will be ready for the roof in about two weeks.

Price Co-Op is erecting a brick building on North Ninth street just off Main for Wells-Pargo, the same to be used as an office by the company. The structure is about twenty-four by thirty feet. Lars Anderson has the contract.

C. A. Franks, the photographer, will have his new East Main street studio open for business about next Monday in his own building erected especially for the purpose. He is now a permanent fixture in Price and will undoubtedly do well here.

Miss Maud Wilson, who recently went from Price to Idaho Falls, Id., on a visit to a sister, is to remain there permanently, having accepted a position with one of the leading stationery houses there. She likes the city and her surroundings.

Walter J. West, the Price contractor and builder, is going through bankruptcy in the federal court at Salt Lake City. He states that a large part of his liabilities, amounting to more than twenty-five hundred dollars, are for lumber bills. He gives his assets as \$2150, which are claimed exempt.

The Advocate was in error in announcing the dance of Carpenters' Union No. 1466 for last Thursday evening. It should have been this evening, Thursday, October 31st, at Price City Hall. It is strictly an invitation affair and promises to be one of the very swell events of the season. Invitations must be presented at the door.

Joe Nougular, the well known Eastern Utah sheepman, is again making his headquarters at San Rafael and will winter there, says Green River's Dispatch. Nougular and his partner (Aubert) recently sold sixty-one hundred head of sheep to a buyer at Price, for which they received \$4.60 for the ewes, \$3.25 for the lambs and \$3.50 for the yearlings.

Mr. and Mrs. Henry Wade entertained a few friends at five hundred Saturday night in honor of their guest, Mrs. H. L. Baldwin. The home was beautifully decorated in autumn leaves interspersed with character sketches carrying out a very pretty Halloween effect. After cards refreshments were served. Mrs. Baldwin returned Sunday to her home in Salt Lake City.

Royal Baking Powder Absolutely Pure

The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

**Best potatoes in the land \$1.15
per hundred weight. McKune
Forwarding Co.—Adv.**

Hon. Albert H. Christensen, C. C. McWhinney, A. W. Harsley and C. R. Marcussen addressed a good sized audience at Kesilworth last Thursday evening on the political issues of the day from a republican standpoint. Friday evening they went to Castle Gate. Judge Christensen is to speak at Green River Saturday evening.

The fifth public meeting in a series designed to stimulate interest in Utah industries was held at the Utah chamber of commerce in Salt Lake City last Friday afternoon under the auspices of the Utah Home Industry association. The topics discussed were hydrocarbons by A. V. Taylor and Utah coal by J. E. Pettit, state coal mine inspector.

The mail contract is not to be changed immediately, says Myron's Record. Bids for the route between Colton and Vernal have been re-advertised. The bids must be in Washington before November 5th. The bond furnished by the Duchesne and Colton people was defective. If the change is made service over the Colton route will begin December 1st.

Quite a handsome sum was netted by the benefit dance at Salt Lake City last Monday night for "Chaiky" Germaine, injured in a bout there recently, and who is still in a hospital. The funds from the dance and other money contributed will go towards paying his hospital bill and sending Germaine to his home in St. Louis. As yet he is unable to travel.

Friends and relatives in Price of Harold Cluff, the young man who was severely burned at Park City a short time ago, will be pleased to learn that he is slowly improving at a hospital in that city, and unless complications set in, will recover from his injuries. His burns are so severe, however, that it will be a long time before he can be removed to his home in Salt Lake City.

Robert Howard, who until recently has been holding the position of superintendent with the Castle Valley Coal company at Mohrland, has moved with his family to Price and is occupying his handsome bungalow in the northeast part of the city. He is now inspector for all the coal properties of the Sharp interests in this section of the state. He and his excellent family are welcomed to Price as residents.

Judge Albert H. Christensen, Hon. Glen Miller, ex-United States marshal for Utah, and J. J. Meyers of Salt Lake City, addressed one of the largest audiences of the campaign at the court house last evening. Their talks were straight republican from the shoulder, and, it is believed, many wavering ones were brought into the republican fold. Other precincts of the county are to be visited between now and next Tuesday.

Discussing the alleged desertion of James Dennis of Spring Glen by his wife, Fannie Dennis, a short time ago and mention of which was made in last week's Advocate in a telegram from Ogden, Helper's Times of last Saturday says: "The home life of the young husband and wife was apparently happy with at least no more discord than in the majority of homes. Dennis' work, that of a grader, took him away from home more or less, and it is thought that in a fit of melancholy the young wife took the step she did. The young husband and father is said to be distracted over the disappearance of his wife and babies, but in his terrible grief over the affair, speaks only in the highest terms of his wife, and his greatest desire is that he may find trace of her and so bring about a reconciliation."

HIGH SCHOOL DOINGS

An Energetic Debating Society Very Recently Organized.

Many who are unable to attend to attend the regular classes in the high school have asked about taking work in an evening school. It has been decided that if a number of men and women want such a course it will be given. The subjects of accounting, typewriting, stenography, business, law, etc., can be taught to good advantage in an evening school. These courses and others that there is demand for will be given. The class is expected to start about November 10th and to continue for six months. The school will be in session five nights weekly and those who attend will be able to get a good understanding of the subjects they take. The high school library will be at the service of the students. Those who would like to pursue studies of this kind during the winter should apply at once to Leifland Woolley or W. L. Peterson and arrange for their course.

Lively interest in debating and public speaking has been aroused recently at the high school. An energetic debating society composed of many excellent students was organized last week. Already they have had one interesting meeting and plans are under way for a series of debates and oratorical contests. Next Wednesday evening the question "Resolved, That the City of Price Should Dispose of Its Electric Power Plant to Private Parties" will be debated by Claud Humphrey, Cora Lee, Roscoe Harmon and Marion Woolley. At the same meeting the question "Resolved, That Correspondence Schools Are a Graft," will be thrashed out "to a finish" by orators.

At the New Savoy last Monday evening, Mrs. Charles Averill entertained about fifteen couples of her friends at a dancing party. Those present were Mr. and Mrs. Carlos Gunderson, Mr. and Mrs. Joseph Moore, Mr. and Mrs. C. S. Price, Mr. and Mrs. W. W. Lewis, Mr. and Mrs. G. E. Larsen, Mr. and Mrs. P. C. Sullivan, Mesdames Joe B. Roberts, Thomas Fitzgerald, Thomas P. Murphy, J. A. Crockett, L. H. Dobbs, Misses Della Anderson, Josie Fitzgerald, Beanie Kennedy, Messrs. Hovey, McDonald, Anderson, Blomden, Thomas and Dr. Amo. Punch was served during the dancing hours.

Mrs. David Gibson, an estimable woman of Helper, passed away last Tuesday evening at the family home there of childbirth, aged about 35 years. The remains are being taken to Salt Lake City for burial. Deceased was the wife of David Gibson, an engineer for the Denver and Rio Grande. They had resided at Helper about six years.

There was a big democratic rally at City Hall last evening, addressed by Judge Ferdinand Erickson, W. E. Wilson and others.

Dr. F. P. Amo, the dentist, has opened modern and sanitary offices over the Golden Rule store. Modern equipment. All instruments sterilized.—Adv.

PRICE, UTAH.

WHY WE SHOULD ALL VOTE FOR THE CREATION OF NEW COUNTIES

The question is naturally before the people of the state at this time. Why should we support the amendment to Sec. 1, Art. 11, of the constitution providing for the creation of new counties? We believe the following is sufficient answer:

The former Utah Indian reservation, comprising the greater part of the eastern portion of Wasatch county, was under the control and supervision of the federal government at the time of the adoption of the constitution. Since that time the reservation has been opened to settlement, thus bringing into the market more than two hundred thousand acres of land that can be irrigated, besides vast tracts of grazing, forest and mineral lands. Those vast tracts of land now have a population exceeding that of the western or old portion of the county.

Between the eastern and western portions of the county is a large mountain range which forms a natural barrier of snow and ice about forty miles in width, making it practically impossible for the people on the Indian reservation to reach the county seat at Heber City during the winter season without hazarding human life. It also makes it very expensive at all seasons of the year for the people of the old Indian reservation to reach the county seat.

The old part of the county has always been able to maintain a county government and the new, or eastern part of the county, is anxious and able to maintain a county government of its own.

This amendment is endorsed by both the democratic and the republican party platforms of this state, and is favored almost unanimously by the people of Wasatch county.

There is no provision now for the creation of new counties and in order to comply with the constitution, this amendment must be adopted before the legislature will have power to create new counties.

This amendment should not be objectionable to any county in the state. It provides that new counties can be created only on condition that a majority of the people residing in the part to be created into a new county and a majority of the people remaining in the old county, vote in favor of the creation of the new county.

This simply safeguards the people in all counties of the state and at the same time gives the relief absolutely necessary to the people of Wasatch county.

The reference to school districts and precincts in the amendment is the old, or present law, re-enacted.

We, all residents of Wasatch county, therefore sincerely urge the voters of the state to vote for the amendment, and thereby relieve us of our present condition.

J. W. CLYDE, County Chairman Democratic Party.
CHASE HATCH, County Chairman Republican Party.
LEVI TURNER, County Chairman Progressive Party.
E. J. CUMMING, Chairman County Commissioners.

Says last Thursday's Green River Dispatch: "C. W. McPherson of Price, who recently bought the second vacant lot south of the Melrose, has let the contract for the erection of a business house thereon and excavation work has been started. Butler & Franz are doing the work. McPherson will have a neat one-story structure, twenty-five by eighty feet, with basement full length and width. The walls will be of concrete and brick, the front of plate glass and a metal ceiling will adorn the interior. This will be occupied by a wholesale and retail meat market, the basement being used for cold storage."

THE DANGER AFTER GRIP

lies often in a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of the stomach, liver and kidneys. Thousands have proven that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50 cents. Solid and perfect satisfaction guaranteed by all dealers.—Adv.

YOUNG PROVO NIMRODS SECURE A FINE BUCK

PROVO, Oct. 24.—Monte Young and Wallace Kroupa returned yesterday from Soldier Summit with a fine buck, which fell for the young nimrods' unflinching marksmanship.

The buck is the largest brought to the city for a long time, and the successful sportsmen are receiving the congratulations of friends with the more or less successful appearance of old hunters to whom killing deer is a common incident.
